DAILY REPUBLICAN

WEATHER INDICATIONS.

CHICAGO, Ill., Sept. 18.—Forecast for Indiana: Saturday night and Sunday, fair and warmer weather. GARRIOTT.

The promise in local conditions is for continued fair and moderate weather. FORSYTHE.

Daniel Halper Brown, the veteran reporter for the REPUBLICAN is on the sick list today.

W. F. German, of the Kentucky lithographing company, in the city today.

A reissue of pension has been granted to Philip Cox through his attorney W. R. England.

The bicycle races during the Street Fair will attract a number of good riders. Already several have been heard from.

Dr. Full's Baby Syrup has stood the test of over a quarter century, and mothers are as eager for it today as ever. This alone speaks volumes for it. It cures babies of wind-colic at once.

You will want plenty of dodgers and hand bills for the crowd at the street fair. If you want the best printing promptly done come to the REPUBLICAN office.

S. V. Harding has sold organs to Ben Clark, Pikes Peak; M. E. Church, Cross Plains; P. L. McDaniel, Charles-town; J. A. Murphy, Jr., Ewing; A. S. Moore, New Belleville; J. F. Cooper, Edinburg.

Chas. E. Phipps, of St. Louis, who gave a pleasing recital, consisting of high-class mandolin playing, palm whistling, etc., at the Baptist church last spring, will repeat his entertainment at the Presbyterian church Tuesday evening, Sept. 21. He will be assisted by the best local talent. Mr. Phipps needs no introduction to music lovers here.

Series M. No better investment can be made than stock in the Cooperative Building and Loan Association. Series M will begin Monday, Oct. 4. See Ph. Wilhelm, secretary for particulars.

MAY REDISTRICT THE STATE.

Annual Session of the Indiana Conference in Indianapolis Next Week.

Rev. J. M. Baxter will leave next week for Indianapolis to attend the annual session of the Indiana Conference, which convenes Wednesday, September 22, at Roberts Park church. Bishop Fowler will be the presiding bishop. He will deliver his lecture, entitled "Abraham Lincoln Before the Conference." This conference numbers over 70,000 communicants and 350 traveling ministers.

There is some talk of redistricting the state, owing to the difficulty of securing a meeting place because of the large number of ministers. It is also probable that a change of elder's districts will be made.

CHURCH NOTES.

Elder A. F. Beare returned this morning from a week's outing. Elder Thomas Jones went to Oak-town this morning, where he will preach Sunday. Rev. W. R. Shelt, of Jeffersonville came this morning to fill his appointment at Ebenezer church tomorrow.

Gospel meetings at tent corner of Poplar and Branch streets, Sunday evening at 7.30. Subject: "Origin of Satan, where did he come from? Is he self-existing or is he a fallen angel? Can he read our thoughts? Can he heal diseases? Why does God permit him to live? All are cordially invited. Admission free.

The Great Pacers.

The race between Star Pointer and Joe Patchen at Indianapolis yesterday was witnessed by about 40,000 people. Both horses seemed to be in good condition, but failed to lower their records. They went two heats, Star Pointer won first in 2:04, and Joe Patchen won second heat in 2:03.

The Book of the Royal Blue.

Among the many advertising novelties soon to be issued by the B. & O. is one which is sure to attract considerable amount of attention. It is to be known as "The Book of the Royal Blue" and is to be issued monthly by Col. D. B. Martin, manager of passenger traffic. Of magazine size and filled with attractive half-tone illustrations and good reading matter, "The Book of the Royal Blue" is bound to make a hit. One splendid feature is a list of names and address of every passenger and freight agent.

STRUCK BY A TRAIN.

Jesse Chaney, a Bridge Carpenter, Killed by the B. & O. S. W. Flyer Friday Morning.

Jesse Chaney, of Olney, Ill., a well known bridge carpenter who was employed by the B. & O. S. W. railway company, was instantly killed at Wheatland Friday morning. Chaney had started to work and was walking along the B. & O. S. W. track to a bridge just at the edge of Wheatland. No. 4, the flyer came along at lightning speed and before Chaney could get off the track the engine had struck him and he was instantly killed. The pilot of the engine was besmeared with blood. Engineer Murphy who had charge of the engine saw Chaney on the track and gave warning but for some reason Chaney did not hear it and was struck down to instant death. The remains were taken to Olney for burial. Chaney leaves a wife and several children.—Washington Gazette.

To Color of Stamps.

The secretary of the treasury and the postmaster general, after consultation with the president, have decided to change the color of the current two-cent postage stamp from carmine to green of the shade now used on government notes. The ten-cent postage stamp, which is now printed in green will be changed to son; other color, possible carmine. It is thought that green is more desirable color than carmine besides saving the government about \$8,000 in the difference in the cost between the two inks.

Sick stomach means sick man (or woman).

Why not be well? Sick stomach comes from poor food poor nourishment, means poor health poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order. But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again. The more you take, the less you will feel of your stomach. At druggists. Trial bottle 10 cents.

John B. McLean's Great Newspaper.

Without a single exception, there beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John B. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as use of greater magnitude.

PROOF OF SINCERITY.

How An Army Officer Stood the Supreme Test of Belief in Fatalism.

In the days of the "old army" on the frontier, when military posts were sometimes hundreds of miles from any civilized place, there was little to do in the way of amusement in the winter time when the post was snowbound, and it was then that the reputation of the army has for card playing and drinking was gained. And it is true that a great deal of both was done at that time.

It was in these days that an event transpired that showed that the principal actor had the courage of his convictions, and that he was most certainly born under a lucky star. It was after a very "wet" stag dinner party, and all had partaken most freely of the wine, and, strange as it may seem, the subject that came up for discussion was the Mohammedan religion. The Mussulmans believe in fate. To them a man's fate is written above, and the time of his death is set, and nothing can advance it. Well, this belief had been discussed long and earnestly. The pros and cons had been gone over at length, till one officer wanted to know of what use was reason if every one was born with a tag of destiny attached. One officer finally arose and said there was no use of discussing the matter any further. The only way was to make a practical test of the question, and he would give himself as a subject. Could a man willfully dispose of his life when the fatal moment had been chosen at his birth from above?

He could get no one to try the experiment on him. Finally a wager was made.

"Who will pay you if I lose?" said the subject as he drew his pistol and showed that it was loaded. He placed the pistol against his temple and pulled the trigger. The pistol missed fire.

"A joke," yelled the crowd.

The fatalist smiled, and, recocking the pistol, aimed it with a steady hand at the clock on the wall. He fired, and the bullet crashed through the center of the dial.

"Apologize to me now," he said. "I have won the bet. I always believed in fate."—Cincinnati Enquirer.

Advertising Grocery Stores.

By R. S. Thompson.

That the average country business man can make for himself an excellent business over more successful competitors by the use of common sense in regular advertising was recently demonstrated in a conversation with the proprietor of a country grocery store.

The firm of Atchison & Kelly, Altis, Iowa, has nine competitors in groceries and queensware. Its business was fair, but far from encouraging. Mr. Atchison thought out a plan and began a series of weekly ads in the S-mi-Weekly Union in April, 1897. He used an eight inch space regularly, and occasionally increased it to as much as a half page. The ads were changed each week. During the conversation Mr. Atchison said:

"I write my ads, and other business men could write as good ones. I first began to advertise a special sale, usually quoting a few regular and special sale prices. I changed ads every week. I soon discovered that the ad setter knew better than I what points to display, consequently I wrote straight copy and left it to him to bring out the displays and edit copy. This resulted in good and excellent appearing ads. I would occasionally increase the space. For instance, the week before the Fourth of July I used a half page twice during the week, placing the celebration program in the center of the ad. I seldom ever advertise more than one line of goods in one ad. I aim to get the exclusive sale of some good staple article and advertise it.

"The result is that within the month of June and July I have been obliged to employ two extra clerks (there were three of us at the beginning) and I know to a certainty that almost every day averages \$50 to \$75 more than the sales of my competitors.

"I carefully note the result of each ad, and while customers do not speak of them, I observe many asking for articles advertised which they could not have learned of elsewhere. The increase of visitors at the store, as well as the increase of business, are the most noticeable results.

"I now have the best trade in my line in town, and have accomplished it all from advertising, coupled with methods which I believe new in the grocery business.

"We do not sit down and wait for our advertising to bring customers, but go out on the street, get in conversation with some one, explain to them how they are losing advantage of our special sales by not being our customers. One day, in particular, we secured three of the oldest patrons of our competitors. One of our clerks is employed mostly in soliciting orders about town and the smaller adjoining towns. We thus secure orders of considerable size, from one to many articles at an order. This saves the housekeeper a walk uptown, as we deliver goods free. These orders amount to as much as \$50 a day.

"A few days ago I sold our last special sale chamber set. Another lady called to see the same. I went to the other lady's house, borrowed two pieces of the set and showed them to my late caller, which secured the sale of another set by special order.

"It's the regular advertising that makes these methods practical. People learn of us and our bargains; we treat them honestly thus making them permanent customers.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yields to Electric Bitters. 50c. and \$1.00 per bottle at W. F. Peter's drug store.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's drug store.

Helen Sloan's Success.

Helen Sloan, Cincinnati's rising soprano is meeting with tremendous success in her engagements.

Miss Sloan certainly has a brilliant career before her if she continues to work as hard in the future as she has in the past. She has many of the elements that go to make a successful singer, and by a successful singer is meant one who has that peculiar magnetism which makes all her hearers fall in love with her while she is singing. A pretty face, a perfect figure and an original piety of manner are powerful aids to Miss Sloan's voice.—Cincinnati Enquirer.

SHAM BATTLE.

Those Engaged In It Receive Realistic Injuries.

COLUMBUS, O., Sept. 18.—The sham battle at the celebration of the Franklinton celebration was productive of some very realistic injuries. In the excitement of sacking a cottonade fort five men were more or less seriously injured.

The blockhouse, which was supposed to be full of settlers and was surrounded by Indians, was soaked with colloid. When the torch was applied the fort went up with a puff. The defenders were scorched in the attempt to get out of the burning structure with their lives.

In the battle John Tinkham caught a gunwad in his eye, Adolph Haack one in the back, Thomas Fleming in the ear, Philip Wareham in the back and badly hurt; Charles Edinburg, shot through the hand, cutting an artery, from which he lost a great deal of blood before a physician could be summoned.

The Klondyke Country and Colorado.

Are now the two principal gold mining fields in the world. We can give you information about both, but as the Klondyke Country will be impenetrable until next summer, why not go to Colorado this fall and look over the golden opportunities of that state.

It is cheaper and easier to go to Colorado, and we will venture dollars to doughnuts that more net money can be made in Colorado in twelve months, with less capital, than in the outskirts of the Arctic Circle during the same period, at forty times the expense.

CHEAP TRIP

To Mammoth Cave and Tennessee Centennial.

Personally conducted excursion via Pennsylvania Lines. The Ideal Autumn Outing.

A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m., that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights of the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at Nashville at reduced rates. The entire trip, fare and entertainment, need not cost to exceed \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. You are invited and will be welcomed to enjoy it. If you drop a line to Supt. Chas. F. Patterson, Edinburg, Ind., he will cheerfully answer inquiries, or details may be ascertained by addressing W. W. Richardson, district passenger agent, Pennsylvania lines, Indianapolis, Ind.

SITUATION SERIOUS

Eight New Cases of Yellow Fever at New Orleans.

ASPECT BECOMING ALARMING.

People Leaving the City For Places of Safety--Fifteen More Cases Reported From Victims--Biloxi Appeals to the Public For Aid--Disease Growing Worse at Ocean Springs.

NEW ORLEANS, Sept. 18.—The fever situation in New Orleans has assumed a somewhat more serious aspect than at any time since Sunday when six of the St. Claude cases were declared to be yellow fever. Last night the board of health officially announced the appearance of eight cases and of these one death, that of Zona Brauner. At the office of the board of health the reports are considered somewhat surprising and disappointing. The physicians still feel, however, that there is much that is satisfactory in the situation. It is true that the new cases represent the extreme upper, the extreme lower and the central portions of the city, but there has been no serious spread from original foci and the hopeful opinion is still expressed that the disease may still be controlled and that there is no imminent danger of an epidemic.

Secretary Patton of the board last night said: "The appearance of eight cases is not necessarily alarming. I said three evenings ago that the prospects seemed to point to the development here of at least 50 cases, as a result of the constant intercourse we have been having with infected towns on the Gulf coast and the fact that a promiscuous group of some 700 or 800 people had hastened into the city on the Monday evening following the declaration of the Ocean Springs sickness to be yellow fever. We have had now 28 cases and two deaths. The majority of the remaining cases are improving. It is still quite likely that there will appear numerous cases in New Orleans, but the situation is not distressing and the chances of a disastrous epidemic are remote."

People continue to leave in small parties but there is nothing like the wild exodus that depopulated Mobile, Jackson and other cities. The situation was somewhat quieter yesterday at Ocean Springs. Three cases, however, are reported. The report of the board of health at Biloxi yesterday says that there are 19 cases of actual yellow fever under treatment with diagnosis reserved as to 12 cases. There were seven new cases reported in the 24 hours ending yesterday. The doctors at Biloxi are tempted now no longer to class cases as suspicious but to come out boldly and say that they are yellow fever.

The New Orleans board of health announced that many of the older cases of yellow fever that have been heretofore reported are rapidly progressing toward recovery.

APPEAL FOR AID.

Biloxi City Council Asks the Public For Subscriptions For the Poor. BILLOXI, Miss., Sept. 18.—The city council yesterday adopted resolutions calling on the public for aid, stating that all factories and other industries have closed down, thus throwing all the laboring people out of employment, and that nearly all the sick are of that class and unable to purchase medicines and other things necessary in such urgency. Therefore an appeal is made to the public for subscriptions to be used for the purchase of medicines, etc., for the sick, who are unable to care for themselves. The appeal is signed by Harry T. Howard, mayor, and the members of the council.

No Increase in Ratio of Cases.

MOBILE, Sept. 18.—Reports show no increase in the ratio of cases and but one additional death, that of J. L. Taylor, a bricklayer who came here from West Virginia four weeks ago. There are three suspicious cases and others are spoken of. The quarantine against Mobile has increased in severity. Scattered reports now new cases of yellow fever there and those previously reported are said to be improving.

Growing Worse at Ocean Springs.

OCEAN SPRINGS, Miss., Sept. 18.—The situation here is not encouraging. Mr. Brantford is in a very critical condition. Several of the dengue patients have taken a turn for the worse. There were seven new cases of fever reported yesterday. Total number now sick 25. At Augusta, Miss., the Rev. D. S. Powell died of yellow fever. No other cases of fever there.

Being Treated as Suspects.

CAIRO, Ills., Sept. 18.—Two men were taken suddenly ill yesterday at Point Pleasant and brought to this city and placed in the Marius hospital. The physicians have not declared them to be suffering from yellow fever, but they are being treated as suspects.

Fear a New Foe Will Be Started.

JACKSON, Miss., Sept. 18.—Information has been received at the governor's office that there was one death from yellow fever at Augusta in Perry county. It is feared that a new foe will be started by this case in the southeastern portion of the state.

Business Suspended at Meridian.

MERIDIAN, Miss., Sept. 18.—Meridian is still free from yellow fever and there is no suspicious case of any kind in the city. Over half the population has left for the country and business is completely suspended.

Fifteen New Cases.

VICKSBURG, Miss., Sept. 18.—Dr. Purnell has reported 15 new cases to the state board of health for yesterday, the worst report yet.

Weather.

Indiana, Illinois and Ohio--Fair and warm.

SOME TALL SWEARING.

Dr. Hunter and Captain Gaines Placed on the Stand.

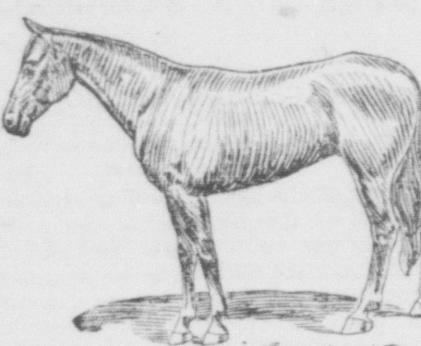

FRANKFORT, Ky., Sept. 18.—The second day of the trial against Hunter et al. was characterized by charges of perjury. Dr. W. Godfrey Hunter, ex-Congressman J. H. Wilson and Deputy Collector E. T. Franks on the one side and Captain Noel Gaines and Thomas E. Tanner on the other side swore to contradictory statements. Hunter swore that he was never at Gaines' house and did not know where he lived. Gaines looked at Dr. Hunter and said he knew he was at his house on the night of April 1 and asked him if he could buy the votes of Representatives Gossum, Clark and Johns. Hunter is corroborated by legislators and friends, who said he could not have been away from the hotel on that night long enough to have gone where Gaines swears he was. Gaines is corroborated by witnesses who testify to having seen him on the road and by Tanner who says he piloted him there.

Every one on the scene predicts a "hung" jury. The Hunter people who want an immediate verdict and vindication and a dread a disgraced jury nearly as much as a conviction. The Hunter defendants have so far failed to prove that Governor Bradley was in the conspiracy to indict Dr. Hunter, though they do prove that the governor was bitterly opposing Hunter's election at the time.

INDIANA'S FAIR.

Greatest Crowd in Attendance Ever on the Grounds.

INDIANAPOLIS, Sept. 18.—The crowd that came to the state fair yesterday was simply beyond all expectations. It is safe to say that there was at least 50,000 people on the grounds. The Monon train runs every half an hour and trains of streetcars of three coaches each were run every few minutes, and still

STAR POINTER.

The people could not be accommodated. It was Indianapolis day and the citizen patronized the exhibition more freely than ever before on that account, one of the features being a parade of the five tamarisks owned in the city. But the great attraction of the day was the race between Joe Patchen and Star Pointer, only two heats of which were run because of darkness, the third heat being postponed until this afternoon. Star Pointer won the first heat in 2:04 1/2 and Joe Patchen the second in 2:03.

DIAB ASSAILANT DEAD.

Enraged Populists Invade the Prison and Stab Him to Death.

CITY OF MEXICO, Sept. 18.—Anulfo Arroyo, the miscreant who made an attempt upon the life of President Diaz, was set upon by a mob of infuriated citizens, who broke in the jail early yesterday morning and killed him with knife stabs.

General satisfaction was expressed here as the news of the lynching of Anulfo Arroyo spread through the city, although the more reflective people, especially business and professional men, said they deplored the act of mob violence and feared it would be misinterpreted abroad. Some of the highest officials of the government said that they were wholly puzzled to account for this outburst of popular feeling and regretted that measures had not been taken to guard the prisoner more carefully.

Was Not Injured.

WASHINGTON, Sept. 18.—Senator Romero, the Mexican minister, has received official advice from Mexico City regarding the attack on President Diaz, which state that Arroyo was without arms and that the president received no injury whatever.

Colonel A. G. Robinson Retired.

WASHINGTON, Sept. 18.—Colonel A. G. Robinson, quartermaster's department, stationed at Jeffersonville, Ind., has been retired compulsorily, having reached the age of 62 years. This will result in the promotion of Lieutenant Colonel James Gillis, Major C. E. Humphreys and leaves a vacancy in the grade of captain, to be filled from the line.

Killed Himself in a Cemetery.

PERKIN, Ills., Sept. 18.—John Eidenmuller went to a cemetery north of Pekin and killed himself by firing a bullet into his brain. He had considerable property, but his health was poor and he grew despondent.

TELEGRAPHIC BRIEVITIES.

Louise Michaels, the French anarchist, has been expelled from Germany. National Association of Underwriters have chosen Minneapolis as their next place of meeting.

Acting Secretary Roosevelt denies the report that the battleship Indiana was injured in docking.

Fairmont, W. Va., has subscribed \$60,000 with which to build a courthouse and present it to the county.

State Commander Sands of the New Jersey G. A. R. was killed in Jersey City while jumping from a trolley car.

The bad harvest affects 17 Russian provinces and it is feared it will be felt in 1898 as the drought has prevented the sowing of wheat.

Work on the Mobile harbor has been suspended by General Wilson, United States chief of engineers, on account of the prevalence of yellow fever.

Mrs. Olga Norrsuoiden in New York because of grief. About a month ago her husband, a well known sporting editor, died. Since then she has been inconsolable.

BROKE THE RECORD.

Port Townsend Makes the Trip in Forty-Five Hours.

PORT TOWNSEND, Wash., Sept. 18.—David E. Brown of this place has broken the record in crossing Chilcot pass. He left here on Aug. 29 and nine days later he wrote from Lake Bennett that he had crossed the pass and had engaged passage by boat to Dawson City, paying \$150 for the passage down the river. The time of the trip from Port Townsend to Lake Bennett was 45 hours. Two Indians agreed at Dyce to carry his outfit of 650 pounds across the pass for 25 cents per pound. At Sleep camp they struck for 45 cents per pound but Brown forced them at pistol point to fulfill the contract at the original price. Brown drove the Indians ahead across the pass carrying 100 pounds on his own back with the ever ready revolver in his hand.

SILVER QUESTION UNSETTLED.

Secretary of the Treasury Gage Interviewed.

CHICAGO, Sept. 18.—Secretary of the Treasury Lyman J. Gage, accompanied by Mrs. Gage, has arrived in Chicago from Washington. The secretary will not return to Washington until Oct. 9, and will spend most of the time in Chicago attending to his private business affairs. The secretary refused to talk on the new currency commission beyond stating that men of the highest ability and in whom he has the utmost confidence had been selected. "Do you believe the silver question is definitely settled?" was asked the secretary.

"Not by any means," he replied. "It ought to be, for the good of the country, but while Mr. Bryan and his followers keep up their agitation, the question cannot be considered settled."

HIS HORSE BALKED.

Marriage Struck by a Passenger Train and One Occupant Killed.

VERMILION, Ky., Sept. 18.—At the turnpike crossing on the Versailles and Midland railroad, seven miles north of this city, an excursion train struck a carriage containing Ambrose H. Wilson and J. W. Bridges, splintering the vehicle and instantly killing Wilson. Bridges jumped before the train struck them, and sustained only a few severe bruises. The men were driving a colt that balked on the track. Wilson was 52 years old and a wealthy farmer and stock dealer. He leaves a family.

Troops Ordered to Alaska.

CHEYENNE, Sept. 18.—Lieutenant Colonel George F. Randall, Eighth United States infantry, has received orders from the war department to start within the week with 25 enlisted men and two officers for St. Michaels, Alaska. Colonel Randall will remain at St. Michaels until spring and then proceed to the Upper Yukon country and establish a United States military post near the Alaska-British boundary line.

CENTRAL STATES NEWS.

Huntington, Ind., is to have a Sunday paper.

The long continued drought at Bedford, Ind., has been broken. Tiffin (O.) public schools are closed on account of oppressive heat. Several children were prostrated.

Berry Graves has been sentenced to the penitentiary for life for killing Louis Ray at Danville, Ky.

There is a strike in the plate glass factory at Alexandria, Ind., against a reduction of 25 cents a day.

Farmers in Walsh county, Ind., are sowing wheat a second time. The long dry spell caused the grain to rot in the ground.

The carriage shop and buggy warehouse of Squire Brewer at Rock Lane, Ind., was destroyed by fire. Loss is several thousand dollars.

The grand jury at Gallipolis, O., is trying to rid the city of gamblers by indicting them. Twenty-five have been indicted so far and the grand jury continues. Many are leaving town.

The large granary of Jerry Garrison near Flora, Ind., was entirely destroyed by fire, together with about 1,000 bushels of corn, several hundred bushels of oats and farming implements.

Will Mason, colored, went to sleep between Louisville and Nashville track at Walton, Ky. His arm was lying across the rail when a freight train cut it off, from the effects of which he died.

Load of Shot In His Brain.

McCosb, O., Sept. 18.—George Russ, a 15-year-old boy, was killed in the woods near here while hunting squirrels. He was lying on the ground with his head against a log watching a tree. His head stuck up above the log just enough for his hair, which was of a reddish tint, to be mistaken for a squirrel. He emptied a load of shot into Russ' brain.

Censured Dr. Whitsett.

UNION CITY, Ky., Sept. 18.—The Boone's Creek Baptist association, comprising 30 churches, has just closed a 3-days session here. It passed unanimous resolutions censuring Dr. Whitsett and withholding support from the Southern Baptist Theological seminary at Louisville as long as he is connected with it.

Five Killed and Three Injured.

CHEPPEWA FALLS, Wis., Sept. 18.—Five men were instantly killed and three badly injured in a head-on collision between freight trains on the Wisconsin Central, near Howard, Wis., yesterday.

Supposed Case of Yellow Fever.

MAYFIELD, Ky., Sept. 18.—Lizzie Bowena, a white woman, died in the day before yesterday. She was taken from a train and her death is said to be the result of yellow fever. Considerable excitement prevails.

HAZLETON STRIKERS

Ten Thousand Men Out and No Settlement in Sight.

MILITARY CAMP STRENGTHENED

Wild Women Drive Men From Work With Stones and Clubs--Dynamite Being Collected and Guarded For Fear of Outbreak--Fight to Be Kept Up In West Virginia and Illinois.

HAZLETON, Pa., Sept. 18.—The strike situation today may be summarized thus: Over 10,000 men are still out, with no apparent prospect of settlement; sporadic outbreaks of violence are occurring near the outlying colonies and the withdrawal of troops is not only without consideration, but the guardlines of several of the camps are being constantly strengthened, and the wisdom of bringing more cavalry is being discussed. It was said yesterday that if the soldiers are kept here much longer the Sheridan troops of Tyrone, attached to the Second brigade, will be ordered out.

A captain of General Gobin's staff is authority for the statement that an uneasy feeling prevails at headquarters in consequence of the little outbreaks of the past few days and indications they hold out underlying disturbance.

Driven Off by Women.

A violent scene at Andenrid was enacted yesterday. It arose from an attempt to start the Monarch and Star washeries of the Lehigh & Wilkesbarre company. About 100 men reported for work at the former, when a wild band of women swooped down on them armed with stocks and stones. Others were stationed on top of an adjacent coal bank, whence they showered missiles upon the workers and a large body of men and boys waited in reserve behind the bank. The men promptly quit work before any injury could be inflicted. At the Star washery, where 100 of 135 men wanted to work, a like assault stopped them. All the dynamite that can be found in the region is being collected and stored to keep it from the hands of the miners and 100 men are guarding the house.

Five hundred men employed at Cox's Beaver Meadow colliery have returned to work. The miners say that this is only temporary and that if the other Cox men at Britton and elsewhere decide at their meeting of next Monday to go out the Beaver Meadow men will join them.

President Ratchford at Massillon.

MASSILLON, O., Sept. 18.—President M. D. Ratchford of the miners' national organization is in the city. Congratulations are showered upon him for his success in bringing about a settlement at Columbus so satisfactory to all concerned. Ratchford says the strike will be vigorously continued in Illinois and West Virginia until the operators there agree to meet the miners' officials either in conference or convention for the purpose of adjusting the rate. He also thinks State President Farns will permit the Ohio miners to remain idle should the Pittsburg miners ignore the 10-day limit and resume work.

DAMAGING EVIDENCE.

Two Witnesses Give Testimony to Support the State's Theory of Luettger's Crime.

CHICAGO, Sept. 18.—The prosecution rested its case in the Luettger trial today after three weeks given to the presentation of evidence against the prisoner and four weeks spent in the trial. The prosecution closed its case with some strong evidence yesterday to prove the motive for the alleged crime. The state endeavored to show that infatuation for Mary Siemering, the servant girl in the Luettger household, was the cause of the murder. It was claimed that the big sausagemaker desired to make the girl his wife and that he put Mrs. Luettger out of the way in order to permit his marriage with the girl. To prove this theory, Frank Bialk and Frank Odorofsky, employees of Luettger, who have already testified in the case, were put on the stand and gave evidence relating to the domestic affairs of Luettger. They testified as to the fondness of Luettger for Mary Siemering and the indignation opposition to the girl's presence in the house made by Mrs. Luettger. The frequent visits of Mary Siemering to Luettger in the sausage factory at unusual hours of the night were detailed. Both men told of seeing Luettger chase his wife upon one occasion with a revolver and of threats which they heard him make. With this evidence in the state rested.

Headstreets Report Continued Increase of Business Throughout the Country.

NEW YORK, Sept. 18.—Bradstreet today says: Notwithstanding unseasonably warm weather and the appearance of yellow fever in several gulf states, checking locally the distribution of merchandise, business throughout the country has increased more than anticipated. The center of improvement is Chicago, which furnishes the most favorable trade report within five years.

Advices from Kansas City, Omaha, St. Paul and St. Louis reflected activity in demand among jobbers and wholesalers. There is a temporary stimulus to business at Savannah owing to the withdrawal of competition from merchants at towns now cut off by the fever quarantine. Chattanooga, Memphis, Atlanta, Augusta, Galveston and even St. Louis anticipate a temporary falling off in business owing to the interruption to traffic in the gulf states and adjoining territory. The principal settlement of the bituminous coal strike, a further rising tide of demand for iron and steel products, the withdrawal from the market of some manufacturers of woollens, extraordinary large bank clearings and reports that mercantile collections have improved constitute the features of the week.

NOT ENVOIOUS.

Berlin Paper on the Bank of England's Position on Silver.

BERLIN, Sept. 18.—The Vossische Zeitung, in an article on the discussion of the proposal that the Bank of England should admit silver into its reserve, recalls Prince Bismarck's saying, "Acceptance in principle is a polite form of rejection." The paper adds: "The idea that France will reopen her mints while silver is at its present price is preposterous. If the silverites consider this a victory we neither grudge nor envy them their success."

Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood.
La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E. church, Buchanan, Ga. writes Dec. 10, 1893: "In childhood I was afflicted with excessive nervousness, which almost developed into St. Vitus' dance. I partially recovered, but at college it gradually grew worse. Close study aggravated the trouble; an unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle sent free, or money refunded. Book on Heart and Nerves sent free to all applicants. DR. STRUCK BY A TRAIN.

Jesse Chaney, a Bridge Carpenter, Killed by the B. & O. S. W. Flyer Friday Morning.

Jesse Chaney, of Olney, Ill., a well known bridge carpenter who was employed by the B. & O. S. W. railway company, was instantly killed at Wheatland Friday morning. Chaney had started to work and was walking along the B. & O. S. W. track to a bridge just at the edge of Wheatland. No. 4, the flyer came along at lightning speed and before Chaney could get off the track the engine had struck him and he was instantly killed. The pilot of the engine was bemused with blood. Engineer Murphy who had charge of the engine saw Chaney on the track and gave warning but for some reason Chaney did not hear it and was struck down to instant death. The remains were taken to Olney for burial. Chaney leaves a wife and several children.—Washington Gazette.

To Color of Stamps.

The secretary of the treasury and the postmaster general, after consultation with the president, have decided to change the color of the current two-cent postage stamp from carmine to green of the shade now used on government notes. The ten-cent postage stamp, which is now printed in green will be changed to some other color, possible carmine. It is thought that green is more desirable color than carmine besides saving the government about \$8,000 in the difference in the cost between the two inks.

Sick stomach means sick man (or woman).

Why not be well?

Sick stomach comes from poor food poor nourishment, means poor health poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, we never see our stomach. We only feel it. We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take the less you will feel of your stomach.

Advertising Grocery Stores.

By R. S. Thompson.

That the average country business man can make for himself an excellent business over more successful competitors by the use of common sense in regular advertising was recently demonstrated in a conversation with the proprietor of a country grocery store.

The firm of Atchison & Kelly, Atchison, Iowa, has nine competitors in grocery stores and queensware. Its business was fair, but far from encouraging. Mr. Atchison thought out a plan and began a series of weekly ads in the Semi-Weekly Union in April, 1897. He used an eight inch space regularly, and occasionally increased it to as much as a half page. The ads were changed each week. During the conversation Mr. Atchison said:

"I write my ads, and other business men could write as good ones. I first began to advertise a special sale, usually quoting a few regular and special sale prices. I changed ads every week. I soon discovered that the ad setter knew better than I what points to display, consequently I wrote straight copy and left it to him to bring out the displays and edit copy. This resulted in good and excellent appearing ads. I would occasionally increase the space. For instance, the week before the Fourth of July I used a half page twice during the week, placing the celebration program in the center of the ad. I seldom ever advertise more than one line of goods in one ad. I aim to get the exclusive sale of some good staple article and advertise it."

"The result is that within the month of June and July I have been obliged to employ two extra clerks (there were three of us at the beginning) and I know to a certainty that almost every day averages \$50 to \$75 more than the sales of my competitors."

"I carefully note the result of each ad, and while customers do not speak of them, I observe many asking for articles advertised which they could not have learned of elsewhere. The increase of visitors at the store, as well as the increase of business, are the most noticeable results."

"I now have the best trade in my line in town, and have accomplished it all from advertising, coupled with methods which I believe new in the grocery business."

"We do not sit down and wait for our advertising to bring customers, but go out on the street, get in conversation with some one, explain to them how they are losing advantage of our special sales by not being our customers. One day, in particular, we secured three of the oldest patrons of our competitors. One of our clerks is employed mostly in soliciting orders about town and the smaller adjoining towns. We thus secure orders of considerable size, from one to many articles to an order. This saves the housekeeper a walk uptown, as we deliver goods free. These orders amount to as much as \$50 a day."

"A few days ago I sold our last special sale chamber set. Another lady called to see the same. I went to the other lady's house, borrowed two pieces of the set and showed them to my late caller, which secured the sale of another set by special order."

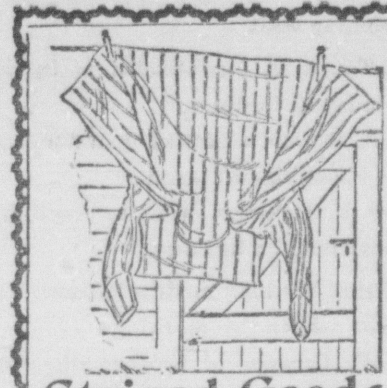

"It's the regular advertising that makes these methods practical. People learn of us and our bargains; we treat them honestly thus making them permanent customers."

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yields to Electric Bitters. 50c. and \$1.00 per bottle at W. F. Peter's drug store.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: Dr. King's New Discovery is all that is claimed for it. It never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's drug store.

Helen Sloan's Success.

Helen Sloan, Cincinnati's rising soprano is meeting with tremendous success in her engagements.

Miss Sloan certainly has a brilliant career before her if she continues to work as hard in the future as she has in the past. She has many of the elements that go to make a successful singer, and by a successful singer is meant one who has that peculiar magnetism which makes all her hearers fall in love with her while she is singing. A pretty face, a perfect figure and an original piety of manner are powerful aids to Miss Sloan's voice.—Cincinnati Enquirer.

Last Month of the Tennessee Centennial and Industrial Exposition.

The month of October closes this greatest of all exhibitions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rooms all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Atmore, General Passenger Agent Louisville, Ky., for rates and information.

SHAM BATTLE.

Those Engaged in It Receive Realistic Injuries.

COLUMBUS, O., Sept. 18.—The sham battle at the celebration of the Franklin celebration was productive of some very realistic injuries. In the excitement of sacking a cottonade fort five men were more or less seriously injured.

The blockhouse, which was supposed to be full of settlers and was surrounded by Indians, was soaked with coal oil. When the torch was applied the fort went up with a puff. The defenders were scorched in the attempt to get out of the burning structure with their lives.

In the battle John Tinkham caught a gunwad in his eye, Adolph Hauck one in the back, Thomas Fleming in the ear, Philip Wareham in the back and badly hurt; Charles Edlinburg, shot through the hand, cutting an artery, from which he lost a great deal of blood before a physician could be summoned.

BORN.

A daughter was born to J. Elliott and wife, Thursday September 16, 1897.

Henry Hodapp picked his peaches yesterday. One of them measured eleven inches in circumference.

The Klondyke Country and Colorado. Are now the two principal gold mining fields in the world. We can give you information about both, but as the Klondyke Country will be impenetrable until next summer, why not go to Colorado this fall and look over the golden opportunities of that state.

It is cheaper and easier to go to Colorado, and we will venture dollars to doughnuts that more net money can be made in Colorado in twelve months, with less capital, than in the outskirts of the Arctic Circle during the same period, at forty times the expense.

Ask the nearest agent for the price of tickets to Denver, Leadville or Cripple Creek, and tell him to send you via Chicago and Omaha over the Chicago, Milwaukee & St. Paul R'y. in the through sleeping car from Chicago to Denver.

CHEAP TRIP

To Mammoth Cave and Tennessee Centennial.

Personally conducted excursion via Pennsylvania Lines. The Ideal Autumn Outing.

A special party of teachers and friends will visit the famous Mammoth Cave and the Tennessee Centennial at Nashville early in October in charge of Prof. C. F. Patterson, superintendent of public schools at Edinburg. The trip will be made over the Pennsylvania line Friday evening, October 1st. The train will leave Seymour, Ind., at 4:51 p. m. that date.

Special arrangements have been made for the reception of the party at Mammoth Cave, which will be reached the same evening. Explorations of this wonderful work of nature will be concluded Saturday morning, when the party will proceed direct to Nashville, reaching the Centennial Exposition early Saturday afternoon, enabling excursionists to spend Saturday afternoon and evening viewing the sights of the exposition. Advance arrangements have been made for their entertainment at Mammoth Cave as well as at Nashville at reduced rates. The entire trip, fare and entertainment, need not cost to exceed \$12.

The return journey may be made so that teachers need not miss being on hand at their school, as they may get back in ample time to resume school duties Monday morning. A cordial invitation is extended the public to take advantage of the low rates and special arrangements. The excursion will not be restricted to special parties or individuals. You are invited and will be welcomed to enjoy it. If you drop a line to Supt. Chas. F. Patterson, Edinburg, Ind., he will cheerfully answer inquiries, or details may be ascertained by addressing W. R. Richardson, district passenger agent, Pennsylvania lines, Indianapolis, Ind.

Who wants a stove

that requires everlasting poking and raking—that is hot one hour and cold the next—that eats up the fuel and sends the heat up the chimney? These are common stove troubles, all

of which have been overcome in JEWEL STOVES AND RANGES. If you want a stove or range that will last a lifetime, and give you perfect satisfaction as long as it lasts, ask the dealer for a "Jewel," and look for the famous trade-mark.

A New Through Passenger Route for Colorado, Utah and California.

The Chicago Times-Herald of August 27th says that on September 12 the new traffic alliance between the Chicago, Milwaukee & St. Paul railway and the Chicago, Rock Island & Pacific railway goes into effect, and on that date the former will send its first Denver sleeper out of Chicago. This will be attached to its regular night train for Omaha and will be delivered there to the Rock Island. On October 2 the tourist car route over these two lines, the Colorado Midland and Southern Pacific will be inaugurated. Tourist cars will be run once a week between Chicago and San Francisco.
